**Comments of Michael D. Inman – N0KLU**

**I wish to comment my agreement with the proposed rule in removing the Code as a requirement to gain HF privileges. I have wanted to join in the HF Traffic Nets and the Hurricane nets to pass traffic to folks in my area or pass them along to another station. With this RM it will be possible. I will be glad to retake the General exam as it has been over 1 year since taking it and I still haven't been able to pass the CW portion yet.**

**As a military Communications Technician I have worked on HF/UHF/VHF/Laser/ communications equipment, many from WW2 and have watched it be upgraded to the more modern communications systems. I anxiously await the time when I am able to communicate on the amateur HF bands.**
